About The Metal Treating Institute

The Metal Treating Institute (MTI) is a 501(c)(6) non-profit trade association based in Jacksonville, Florida. MTI represents the largest network of commercial heat treating companies in the world with over \$1.4 billion in annual sales. MTI also represents manufacturers with in-house heat treating capabilities and their suppliers. Through its partnership with the MTI Educational Foundation, MTI is able to fund and serve the leadership training and educational needs of the heat treating community industry wide.

*You make a living by what you earn. You make a life by what you give.
Life is not about money or a lifestyle, but the depth of life we create.*
